

Hi-Hopper™

Bedding Material Dispensers

Uses:

The Hi-Hopper™ bedding material dispenser is available in Standard or Heavy Duty models up to 4 cu. yd. capacities. Hi-Hoppers™ hold bedding material in the hopper for controlled discharge directly into the excavation.

Features:

- Standard models are available in 1.5, 2, and 2.5 cu. yd. capacities
- Heavy Duty models are available in 2.5, 3, and 4.5 cu. yd. capacities
- Gate handles are manually operated for easy discharge.

Standard (1.5 cyd.)

Heavy Duty (2.5 cyd.)

Hi-Hopper Heavy Duty (2.5 cyd.)

Hi-Hopper™				
Model/Capacity (Cu Yd.)	Top Dimension Inside (In.)	Load Height (In.)	Gate Size (In.)	Weight (Lbs.)
<i>Standard</i>				
HHS-1.5	25 x 96	68	12 x 25	1,180
HHS-2	34 x 96	68	12 x 34	1,200
HHS-2.5	38 x 108	68	12 x 38	1,500
<i>Heavy Duty</i>				
HHD-2.5	25 x 96	73	16 x 44	2,100
HHD-3	54 x 108	75	16 x 44	2,300
HHD-4	60 x 108	87	16 x 44	2,800

Material Separator

Steel Screened Material Separator

Uses:

Designed to separate large stones and other debris from existing backfill material. Screens are constructed of heavy-duty vertically placed bars and are available in 3, 4, and 6 in. widths.

Features:

- All screens are welded around entire edges.
- Top pin holes are reinforced with plates.
- Screens are designed for moderate dumping of light backfill.
- Screens will not withstand large boulders.
- All screens are 3/4 in. bar stock.

Material Separator w/ 6 in. Bar Screen

Material Separator w/ 2 in. Mesh

Material Separator Screens			
Model/Cap. (Yds.)	Size (Ht. x Lg.) (In.)	Weight (Lbs.)	Bar Screen Opening Width
MS-12	12 ft.	3,235	Frame Only
MS-12S1	144 x 98	1,910	1" MESH
MS-12S2	144 x 98	1,910	2" MESH
MS-12S3	144 x 98	1,910	3" BAR SCREEN
MS-12S4	144 x 98	1,910	4" BAR SCREEN
MS-12S6	144 x 98	1,910	6" BAR SCREEN

Heavy Duty models also available.
